Falling Leaves Place Setting

Robin Beam, A.C. Moore © September 2008

Supplies:

- Fall Leaves, 23 count, A.C. Moore
- Metallic Markers, 3 pack set, American Crafts
- Permanent Marker, Black, Sharpie®

Directions:

1. This is a unique and fun project for you and your kids to create together for your Thanksgiving Dinner. Setting the table will be fun with falling leaves on the place setting!
2. Choose larger leaves for writing names.
3. Use Black Sharpie to have you or your child write the names of your guests. If it's a long name, why not write with more than one leaf!
4. Accent the names with dots, lines or squiggles using the Metallic Markers.
5. Place the name "leaf" centered on place setting with smaller leaves scattered around it.
